Target version:			
vbulletin_issue_id:			

Description

I'd like the ability to use in-station repair facilities.

History

- File TestRepairShopWindow.iss added

- Status changed from In Progress to Implemented

I have attached a sample script (TestRepairShopWindow.iss) which provides utilization examples for all new ISXEVE features related to the Repair Shop.

```
September 22, 2014
[ISXEVE-20140826.0004]
* Datatype: 'station'
New Method:
  1. GetRepairableItems[index:item]
* Datatype: 'item'
New Method:
  1. GetRepairQuote
  (HINT:  To get a quote for your current ship:  "MyShip.ToItem:GetRepairQuote")
* NEW Datatype: 'everepairshopwindow' [inherits 'evewindow']
New Members:
  1. AverageDamage    (string)
  2. TotalCost        (string)
New Methods:
  1. RepairAll
* EVEWindow TLO:  Using the argument "RepairShop" or "Repair Shop" will return a 'everepairshopwindow'
  datatype object if the repairshop window is currently open/available.
```
