BJScripts - Feature - Enhancement #1472

InSpace/InStation States

2015-10-11 10:14 AM - bjcasey

Status:	Implemented	**Start date:**	2015-10-11
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:			
vbulletin_issue_id:			

Description

Change ${Me.InStation} and ${Me.InSpace} to ${_obAB.InStation} and ${_obAB.InSpace} in order to take advantage of an increased wait time with ${EVE.NextSessionChange}.

This should improve reliability and in some cases the speed at which certain actions are executed.
