

Prestige - Quest Bot - Bug #1178

Questbot navigation in DM zones.

2014-09-19 10:17 PM - loopy

Status:	Rejected
Priority:	Normal
Assignee:	loopy
Category:	
Target version:	
vbulletin_issue_id:	
Description	
When creating a path in a dungeon maker zone the name of the zone is part of the path. So if you are in a different zone (same layout) the path will not work.

- Status changed from New to In Progress

Acknowledging this post. I'll work on fixing it.

#2 - 2015-01-17 01:09 PM - bjcasey

- Status changed from In Progress to Rejected

Irrelevant now with the DM nerfs.
