| Description | | |
| Hi! | | |
| When you try to collect the containers in Impel (T2 trasport) revealed the inability to collect the fleet hangar. Will this problem be solved? | | |

I can confirm this, if you use Hauler mode the Ship will warp to the Fleet member, opens the Cargo but will not loot the cargo container into the ORE hold (Ship: Masimos)

echo \${MyShip.HasOreHold} returns TRUE.

Greetings
