

ISXEQ2 - Bug #1715

consignment:Buy (Buying from the broker) seems nonfunctional

2016-10-07 07:09 PM - uijice

Status:	Resolved
Priority:	Normal
Assignee:	Amadeus
Category:	Broken Feature(s)
Target version:	
vbulletin_issue_id:	
Description	
echo \${ISXEQ2.Version} 20161004.0001	
<p>At this moment, using the consignment:Buy method to purchase from the broker appears to do nothing. Old scripts that used to work, are not working at all, nor is direct invocation from the innerspace console. I have not run these scripts for some time however, so I cannot approximate when it broke.</p>	
<p>Steps to reproduce:</p>	
<ul style="list-style-type: none">• Target Broker• Open Broker Window• Search for anything• echo \${Vendor.Broker[1].Name} -> returns consignment item name properly<ul style="list-style-type: none">◦ As does .Price, etc...• Vendor.Broker[1]:Buy<ul style="list-style-type: none">◦ Absolutely nothing happens◦ Same with Vendor.Broker[1]:Buy[1]◦ Same with Vendor.Broker["ItemName"]:Buy• Note, the cursor is over the broker window, the broker window had focus, and the native 'Buy' button works on the UI	
<p>Expected behavior:</p>	
<ul style="list-style-type: none">• Item is expected to be purchased	
<p>Other methods, such as consignment:Examine appear to work just fine.</p>
