

AstroBot - Bug #1889

Mining Foreman - Assigning Targets

2017-04-22 12:00 PM - bjcasey

Status:	Implemented
Priority:	Normal
Assignee:	
Category:	
Target version:	
vbulletin_issue_id:	
Description	
When the number of targets remaining is less than the number of miners, allow the foreman to start duplicating targets.	

History

#1 - 2017-04-23 02:25 PM - bjcasey

(Foreman) Broadcast a poll to see who is a miner that has the foreman selected. Miners will only respond if they have that mining foreman selected and are configured to use the foreman instead of themselves.

#2 - 2017-04-24 07:47 PM - bjcasey

- Status changed from New to Implemented

Patch # 18 will assign the same target to different miners if the number of miners for a particular foreman is less than the number of asteroids remaining.
