Target version:				
vbulletin_issue_id:				
Description				
How about a single click option to have all members of the fleet recall drones and return home				

History

#1 - 2017-07-25 07:16 AM - bjcasey

- Status changed from New to Deferred

I have this completed, but am waiting to release it as it is part of a much larger functionality boost that isn't fully ready to be tested yet. *Soon!*

#2 - 2017-08-29 05:58 PM - bjcasey

- Status changed from Deferred to Accepted

The ability to do this was added with the Control Panel update.

#3 - 2017-08-29 05:58 PM - bjcasey

- Status changed from Accepted to Implemented
