

ISXEQ2 - Bug #2166

EQ2:AcceptPendingQuest not always closing the window

2021-01-03 12:15 AM - Herculezz

Description	
This is not 100% of the time but is quite frequent, it does accept the quest and it appears in your quest journal but the accept quest window stays open, and you can click accept or decline and neither does anything.
