

OgreBot - Bug #1417

Experimenting broken (with a trick)

2015-06-15 11:38 AM - raudkoer@gmail.com

Status:	Resolved
Priority:	High
Assignee:	raudkoer@gmail.com
Category:	Broken Feature(s)
Target version:	
vbulletin_issue_id:	
Description	
Long story short...it has something to do with windows focus,it wont counter,until i manually click on counterability with mouse,then it continues fine	
2 ISS sessions running,me reading internet on background (as,what else to do,when experimenting)	
Focus was clearly on said ISS session,as i runned to table,picked experimenting,clicked experiment...ect	

History

Can add screenshot,if it helps

#2 - 2015-07-15 10:45 AM - blammo

Happens to me as well.. buttons all start "grayed" out until you hit one.

#3 - 2015-08-16 10:13 PM - Kannkor

- Status changed from New to Resolved

This should be fixed with it being fixed in-game.
