| **Category:** | | | **Estimated time:** | 0.00 hour |
| **Target version:** | | | | |
| **vbulletin_issue_id:** | | | | |

**Description**

Can we get some defaults for some of the more common steps, like

ForWho All

Distance 2500(?)

Timeout 45(?)

Station Name Agent_Station (can this be abbreviated further, something like.. "Agent" maybe? discuss!)

Gate Name Acceleration Gate

Bookmark Number 1

These are examples I picked scrolling thru the available mission steps, my suggestions aren't necessarily what you'd want but stuff to consider.

**History**

**#1 - 2015-10-21 11:49 AM - bjcasey**

*- Status changed from New to Implemented*

Available with Patch # 8.
