

ISXEVE - Feature - Enhancement #1589

Add Compression Array as Acceptable Ore Depository

2016-04-10 08:08 PM - Nerumph

Status:	Closed	Start date:	2016-04-10
Priority:	Normal	Due date:	
Assignee:	Amadeus	% Done:	0%
Category:	miscellaneous	Estimated time:	0.00 hour
Target version:			
vbulletin_issue_id:			
Description			
Currently, when attempting to transfer ore into the compression array, the following error is presented in the ISXEVE console:			
ERROR:: eve:MoveItemsTo[ListToMove,1019402985640,CompressionArray] -- 'CompressionArray' is not a valid ToDestinationName			
Request is to add the compression array into the acceptable "ToDestinationName" list to allow ore to be deposited into it.			

History

#1 - 2016-04-10 08:09 PM - Nerumph

Script used, by the way, was the EVEBot script.

I would need access to a character with everything required to test this. Open a new forge request if this is still something that's needed.
