Target version:			
vbulletin_issue_id:			
Description			
LootWindowAppeared comes with a WindowID, which allows us to interact with both windows if 2 pop open at once.			
Can you see if you can pass us the same for ChoiceWindow event?			
And likewise, allow us to specify the ChoiceWindow with ChoiceWindow[\${WindowID}]			

History

#1 - 2017-01-19 12:24 PM - Amadeus

I tried this initially, and had issues with crashing. But, maybe it will be better now -- I'll give it a shot.

#2 - 2017-01-22 12:06 PM - Amadeus

- Status changed from New to Implemented
