- Status changed from New to Closed

This is not a bug. It needs to save the task for in order to properly load it in run mode. The new pop-up window is to prevent accidentally saving over work you didn't mean to save.

**#2 - 2017-02-08 08:13 AM - loopy**

After hitting yes to save, it does nothing, it does not test the step. if you click on yes to save then try to test the quest step it asks if you want to save again>
