

## BJScripts - Bug #1826

### QuestBot: Quest\_Journal\_Info - Special Character Issue

2017-02-12 07:34 AM - srass

<b>Status:</b>	Resolved
<b>Priority:</b>	High
<b>Assignee:</b>	bjcasey
<b>Category:</b>	Broken Feature(s)
<b>Target version:</b>	
<b>vbulletin_issue_id:</b>	
<b>Description</b>	
It appears that The Quest_Journal_Info is not picking up characters like the apostrophe or colon, see example quest below, and causes the script to continue.	
This was pulled using a iterator, so it was not manually typed:	
Brother Pang's Trial: Combating Corruption	
Error:	
[Buffer:QuestBotMain]: TASK STEP DEBUG: [Quest_Journal_Info]: Quest name cannot be found in your quest journal. Skipping scanning of quest journal details.	

#### History

##### #1 - 2017-02-13 04:16 AM - bjcasey

- Status changed from New to In Progress

##### #2 - 2017-02-16 08:39 PM - srass

- File Capture\_Quest\_Creator\_Steps.PNG added

- File Capture\_Quest\_Journal.PNG added

Attached is a screenshot of the quest and a screenshot of the Quest Journal

22:27:39: [Buffer:QuestBotMain]: Processing task #1 of 2.

22:27:39: [Buffer:QuestBotMain]: TASK STEP DEBUG: [Quest\_Journal\_Info]: Quest name cannot be found in your quest journal. Skipping scanning of quest journal details.

22:27:39: [Buffer:QuestBotMain]: Processing task #2 of 2.

22:27:40: [Buffer:QuestBotMain]: TASK STEP DEBUG: [Quest\_Journal\_Info]: Quest name cannot be found in your quest journal. Skipping scanning of quest journal details.

22:27:40: [Buffer:QuestBotMain]: Quest Bot Main Script is shutting down...

Step 1 is your phantom error we were discussing, but task 2 is where it should be finding the quest in my journal.

##### #3 - 2017-02-17 09:27 PM - srass

Please close this ticket, it appears that the quest has a space at the end of it, which you do not see in the output or the journal, at least it is not very apparent.

Example (Space at the very end): "Brother Pang's Trial: Combating Corruption "

##### #4 - 2017-02-18 05:58 AM - bjcasey

- Status changed from In Progress to Resolved

I'll add square brackets around the debug info. That should help us notice extra spaces in the future.
