

## OgreBot - Bug #1910

### ogre infuse seems to not work with Twark handcrafted Infusers

#### Description

I have crafted infusers and now I am trying to use them with ogre infuse. Everything is checked, but choosing a gear and hitting start just trigger a "OgreInfuse: Completed ..." log and nothing else.

I try with other infusers like the one looted, it works fine.

I try just checking what I need (Crit Bonus and Handcrafted) but I got the same result.

I think this is a bug.
