

AstroBot - Bug #1930

Equipped Modules and Available Navigation OnUndock

2017-07-04 05:47 PM - bjcasey

Status: Resolved	
Priority: High	
Assignee:	
Category:	
Target version:	
vbulletin_issue_id:	
Description When undocking it appears that this routine is being called multiple times while the client loads into space. This is causing a substantial loss of FPS.
