

## AstroBot - Bug #1958

### Foreman Asteroid Selection

2017-07-29 06:22 PM - extremest

<b>Status:</b>	Resolved
<b>Priority:</b>	High
<b>Assignee:</b>	bjcasey
<b>Category:</b>	
<b>Target version:</b>	
<b>vbulletin_issue_id:</b>	
<b>Description</b>	
The behavior to use "Selective - Focus Lasers" as Mining Foreman works perfectly in the first belt upon startup, on subsequent belts, the behavior is not followed.	

### History
