

ISXEVE - Bug #2136

EVE:CreateBookmark fails

2020-04-26 06:08 PM - gfeitosa

Status:	Resolved	
Priority:	High	
Assignee:	CyberTech	
Category:	broken feature(s)	
Target version:		
vbulletin_issue_id:		
Description		
I'm mining alone and unloading to the station.		
Once ore hold is full miner warps to station unloads and selects a random belt instead of its last mining location.		
Miner also does not create a bookmark in the folder to warp back to		

History

#1 - 2020-04-28 11:12 PM - CyberTech

- Subject changed from Miner will not bookmark last position to EVE:CreateBookmark fails
